

## AOLP Mentorship Program: Sign-up Form for Mentors

Thank you for your interest in mentoring and guiding other AOLP members who are looking for insight on business practices, lighting design, employee relations, etc.

Please keep in mind that a mentor is someone who has been involved in the field for 2+ years. Otherwise, you are welcome to become a mentee and reapply for the program as a mentor when applicable.

- Yes, I have been involved in the field for more than two years.

### How will a mentee connect with you?

AOLP members who are looking to receive mentoring will login to the members' only area to locate a mentor's information under the "AOLP Mentorship Program" link. The mentee will then reach out to you directly to determine how often they hope to connect.

As guidance, AOLP will provide an outline to help lead you through the mentoring process. **To sign-up to be a mentor, please fill out the below form and return it to [membership@aolponline.org](mailto:membership@aolponline.org).**

Now, tell us about you!

Name: \_\_\_\_\_
